HATCHES BATTENED DOWN

Technically speaking summer is still the season in the Okanagan and many boaters are taking advantage of the remnants of the blazing days

of August that still prevail. Nonetheless, boating activity is slowing and the number of vessels plying Lake Okanagan daily is less than last month

as is indicated by the many sail and motor boats bobbing at their moorings. Friday afternoon in the height of cruising time. Soon almost all

boats in Kelowna will be canvassed and moored or pulled out of the water to be cleaned and lie in wait during the long, cold winter season. —(Courier Photo)

Collective Rule For N. Vietnam

TOKYO (CP) — North Vietnam announced today a collective leadership will lead the country as foreign dignitaries in Hanoi paid their last respects to President Ho Chi Minh.

Hanoi radio said the leadership of officials and fighters, none of them named, had "been selected and well trained by our beloved President Ho Chi Minh," who died Wednesday of a heart attack.

Quoting the official Communist party newspaper Nhan Dan, the broadcast said the leadership "will continue the battle for freedom and independence of all our people and all our nation until the last American aggressor is driven from our land. The South is completely liber-

ated; and our fatherland united once again."

The commentary was a declaration of future leadership policy and appeared to rule out, at least for now, any struggle for power in Hanoi.

The collective leadership certainly includes four strong-willed men in Hanoi: Le Duan, first secretary of the Communist party; Premier Pham Van Duong; Truong Chinh, chairman of the National Assembly and leading theoretician; and Gen. Vo Nguyen Giap, defence minister and the North's military strategist.

North Vietnam today awaited the arrival of Soviet Premier Alexei Kosygin to join other Communist leaders to pay tribute to Ho.

Kosygin To Pay Ho Tribute

HONG KONG (Reuters) — North Vietnamese today awaited the arrival of Soviet Premier Alexei Kosygin to join other Communist leaders to pay tribute to the late Ho Chi Minh.

Kosygin and a Kremlin delegation passed through New Delhi, India, today en route to Hanoi and were scheduled to arrive in the North Vietnamese capital a full two days after a top-level Chinese delegation passed in and out of the city to pay its respects to the North Vietnamese president.

The Chinese delegation, led by Premier Chou En-lai, came to Hanoi Thursday and was expected to remain there until the funeral next week. But an unexpected announcement Friday by the New China news agency

said the Peking leaders left the city the same way they arrived.

However, observers here feel the Chinese might return for the funeral—which the North Koreans and the Cubans say will be held Wednesday. The North Vietnamese have not yet announced an official date.

If they do, Hanoi will be faced with a tricky protocol problem in looking after the ideological rivals from Moscow and Peking and managing any face-to-face meeting that may occur at the funeral.

Kosygin arrives in Hanoi for the beginning of a special mourning ceremony which the North Vietnamese news agency today called "a solemn service of requiem" for Ho, who died Wednesday.

Lebanese Hold Urgent Talks About Palestine Commandos

CAIRO (Reuters) — A representative of the Lebanese army arrived here today for urgent talks with Palestinian leaders on a crisis between Lebanese authorities and Arab commando units operating against Israel from Lebanese soil.

Representatives of the Palestine National Council, set up recently by members of various Palestinian liberation groups and independent leading Palestinians, were expected to fly to Beirut Sunday for talks with Lebanese officials on a dispute between commandos and security forces.

The Lebanese army was reported to have delivered a 24-hour ultimatum to the Palestine Liberation Organization to hand over men responsible for an alleged shooting incident recently between commandos and security forces.

The national council, which met here to discuss co-ordination of guerrilla activities, sent a protest message to the Lebanese government over what it termed terrorist measures against defenceless Palestinians.

The moves today followed Israeli ground and air attacks on Arab guerrilla bases in southern Lebanon in which the Israelis said six guerrillas were killed.

Windsor Fire Leaves 5 Dead

WINDSOR, Ont. (CP) — Four children and their father died early today in a fire in an apartment above a tailor shop in the east end of the city.

Their mother, 25-year-old Dianne Anderson, was at work at the time. Her father, Thomas Mackey, tried to get upstairs but turned back because of the heat.

Prospector, 19, Not Deterred

PRINCE RUPERT, B.C. (CP) — Prospector Randolph Michael Tikala, 19, hasn't been deterred by a nine-day ordeal in the bushland of north-coastal British Columbia near here with only subsistence rations. He's now looking for work in this city.

On a prospecting trip with Rainer Schimscha, 26, and Ian Arthur Henderson, 20, both from Toronto, the youth became separated from his companions Aug. 25 after crossing the Stikine River.

The three had been travelling by canoe until they lost a raft bearing their supplies in a log jam.

They tried to make it to a summer hunting camp up the Stikine but Tikala was the only one to get across the river. After waiting briefly for the others, he started for the camp, only to find that it wasn't where he had expected.

Unarmed and carrying only about two pounds of dried meat on which to live, Tikala kept up his strength by eating wild berries.

He built a raft and began drifting back down the Stikine. Meanwhile, his companions completed the six-day journey to the Stikine River ferry crossing and alerted RCMP that they had become separated.

Searchers spotted the youth two days later from the air and he was brought to Prince Rupert Wednesday, clothes badly torn and very hungry — but still intent on staying here.

Fishermen To Adapt

VANCOUVER (CP) — The United Fishermen and Allied Workers Union Friday said it doesn't like a planned limitation of the number of fishing vessels in British Columbia announced here Thursday by Fisheries Minister Jack Davis, but its members will "learn to live with it."

Halbert Stavanes, president of the 7,500-member union, said members remain unchanged in their rejection of the proposal following a meeting with Mr. Davis Friday night.

"There's not much to consider," he said. "It's just about the same as first announced a year ago."

"The only change is raising the production equivalent of 'A' vessels to \$20,000 gross over four years to keep from being dropped into the 'B' class, instead of the \$1,250 gross over one year as first announced."

IT'S POLLUTION BRA-LESS TOLD

CHICAGO AP) — Only a few girls turned out for Chicago's first Bra-less Friday demonstrations, although thousands of cheering men thronged the Michigan and State bridges and Marine City Plaza to watch two noontime anti-bra protests.

During the Michigan Avenue bridge protest, four young women tossed their brassieres into the Chicago River and were promptly cited for polluting the water.

Two blocks away at Marina City, 14 women discarded their bras into a barrel manned by a radio station disc jockey.

Since the women all removed their bras before appearing at the protests, none was arrested for indecency.

Viet Cong On Attack

SAIGON (Reuters) — The Viet Cong today launched a furious group and shelling onslaught throughout South Vietnam, killing 18 Americans and wounding 242.

The most devastating attack was staged against the bustling northern city of Da Nang where at least three Americans were killed and 120 wounded in a rocket attack followed by commando raids.

Twelve South Vietnamese civilians also died and 18 were wounded as a salvo of 122-millimetre rockets ripped into a shanty town in the city early today, the U.S. command said.

The bulk of U.S. casualties were inflicted when guerrillas pumped rocket grenades and machine-gun fire into a U.S. marine brig on the outskirts of Da Nang.

The attackers killed three Americans and injured 61 as the unarmed prisoners scrambled to the safety of trenches outside their huts in the pre-dawn darkness, a military spokesman said.

HIT 40 OTHER TARGETS — Rockets and mortar shells hurled into about 40 other targets during the night, most of them U.S. installations. A total of 68 Americans were injured in these.

Female Flyer Not Quite Sure

NAIROBI, Kenya (Reuters) — British woman pilot Sheila Scott arrived at Nairobi airport in her tiny single-engine Piper Comanche plane today, unsure whether she broke her self-imposed time limit of 48 hours for the 4,500-mile flight from London.

The 40-year-old lone flyer was three hours behind schedule on the last leg of her flight from Khartoum, Sudan, after battling strong headwinds.

Envoy Still Held By Kidnap Gang

Dubcek Fate In Balance

PRAGUE (Reuters) — The future of Alexander Dubcek and other liberals was in question today after a call by a disciplinary body of the Czechoslovak Communist party for a widespread purge of reformers.

The body—known as the auditing and control commission—opened a two-day meeting Friday night with a communique urging anti-reformist purges at all levels in the party, government and economic apparatus of the country.

Although it made no mention of Dubcek, the statement was seen here as aimed at the former party leader and his followers who initiated the liberalizing reforms which led to the Warsaw pact invasion of Czechoslovakia in August last year.

The commission's meeting was believed to have met to end a reported split in the party leadership on how to treat Dubcek by working out a compromise proposal.

Usually reliable sources said Friday party leaders were worried over possible public reaction to any harsh measures taken against Dubcek, who is still enormously popular in Czechoslovakia.

Moves which observers thought might be made against Dubcek and two of his closest supporters, Josef Smrkovsky and Cestmir Cisar, include removal from their party functions and possibly even dismissal from the party itself.

Dubcek's hard-line successor as party chief, Gustav Husak, has accused the previous party and government leadership of being responsible for the Soviet-led invasion and occupation by ignoring Russian warnings of the danger to Czechoslovakia from ultra-progressives.

The absence of Dubcek's name from the commission's statement deepened the mystery over his future and over the postponement announced earlier Friday of a central committee meeting which was to have voted on his fate.

The communique came shortly after an announcement by the army that 30 liberal officers at the Klement Gottwald military-political academy would face disciplinary measures for their political and anti-Soviet views. Among them was the rector of the academy, Col. Voytech Menci.

Libya Calls In Diplomats To Announce It's A Republic

TUNIS (Reuters) — Radio Tripoli reported today the Libyan revolutionary council called in all heads of foreign diplomatic missions to inform them the country now is under a republican form of government.

They were asked to pass the information to their governments, the radio said.

The Libyan ambassador at the United Nations was instructed to tell Secretary-General U Thant of the development, it said.

It also said the council ordered all transport companies to resume business in Libya.

The council came to power in the oil-rich North African country Monday after an army coup.

staged in the absence of 79-year-old King Idris. The king, now in Greece, was undergoing medical treatment in Turkey at the time of the coup.

The radio also broadcast a council denial of reports that Princess Soleima, adopted daughter of Idris, had been arrested.

The radio said she was never detained or placed under house arrest. The council was ensuring her security and she could leave Libyan territory at any time.

The Soviet Union was the first major power to recognize the new regime. Britain and France followed suit today.

Six Murders 'Self Defence'

PANAMA CITY (AP) — A jury Thursday convicted Roberto Ramirez Vega, a Cuban seaman charged with six murders.

The defendant, 39, admitted shooting the master and five crew members of the vessel Seven Seas Aug. 6, 1965, off Florida. But he said he acted in self-defence because they had mocked him for pro-Castro feelings and had threatened to throw him overboard.

Under Panamanian law, the maximum penalty is 20 years in prison. No date has been set for sentencing.

Brazilian Military Split Over 'Trade'

RIO DE JANEIRO (AP) — Brazil's military leaders meet again today to discuss how they will free 15 political prisoners in exchange for the release of kidnapped United States Ambassador D. Burke Elbrick.

Foreign Minister Jose de Magalhães is expected to go on radio and television after the meeting to announce details of the release of 14 men and one woman.

The broadcast had been set for Friday night but was postponed at the last minute. There was no explanation, but informants said some officers were annoyed at the junta's quick acceptance of demands by guerrillas who kidnapped Elbrick Thursday.

Mexico and Chile have agreed to accept the 15 men and the Brazilian government has agreed to fly them out of the country. Two aircraft are stand-

ing by at Rio's Galeao International Airport.

Authorities said some of the prisoners were being held in cities as far as 1,000 miles from Rio and had to be brought together before the release could be made.

Elbrick's abductors, who identified themselves as members of two guerrilla organizations called the National Liberation Action and MR-8, made their demands in three notes to government officials. They said they would "execute" Elbrick this afternoon if their demands were not met.

The first note, left in Elbrick's limousine by three gunmen who forced him out of a car and drove him away in another, demanded the release of 15 unnamed political prisoners and publication and broadcast of an anti-government manifesto in Brazilian newspapers and on the radio.

Letters Get Through To Wife

The manifesto was published in newspapers Friday and broadcast intermittently on radio throughout the day.

The second note, found in a Rio church, demanded that the government agree by Friday afternoon to release the prisoners. The government replied that if the kidnappers would give the names of the prisoners they wanted freed, arrangements would be made to fly them to Mexico.

The third note provided a list of the prisoners' names. It was left in a supermarket suggestion box and an anonymous call to a newspaper told where the market was located.

I'M ALL RIGHT — Accompanying the second and third notes were letters from Elbrick to his wife, Elsie. The first letter said: "I am all right and am hoping that I shall be liberated and see you soon."

But Elbrick added that Brazilian authorities should not try to

find him because "these people are very determined."

The ambassador's second letter said it was "very good news" that the government had acceded to the kidnappers' demands "because it means that will be released as soon as it is confirmed that 15 released prisoners have arrived in Mexico."

The kidnappers insisted that police call off their manhunt for Elbrick, and security force spokesmen said Friday evening that the search had been suspended.

"But after the ambassador is liberated we will start a thorough search for the terrorist group," a spokesman said.

Rev. Paisley Will Have His Say And Rebut 'St. Bernadette'

LONDON (AP) — Rev. Ian Paisley, militant evangelist of Northern Ireland's Protestants, left for the United States today to counter the version of Ulster's troubles given by Roman Catholic legislator Bernadette Devlin.

"I will tell Americans the truth," he told reporters. "I will repudiate the allegations made by Bernadette Devlin. I will produce documentary evidence to prove what she said was untrue. We are going to expose these contradictions."

Miss Devlin, 22-year-old member of the British house of commons, returned this week from a U.S. tour to raise money for victims of Ulster's interreligious warfare.

Paisley, accompanied for his six-day visit by a fellow Free Church minister, Rev. Ivan Foster, said he would try to raise money for the Northern Ireland branch of the International Christian Relief Fund.

BARRICADES DOWN — British troops breached the barricades of the Roman Catholic-controlled "Free Belfast," for the first time today, warning a crowd who tried to repel them: "It's tear gas first and then we fire."

Infantrymen with automatic weapons moved inside the barricades at the southern end of Albert Road, which forms the spine across the Falls Road Catholic stronghold.

At the north end of the road, however, they met a jeering crowd of vigilantes who have held the area for the last three weeks.

Hungry Busboy Out Of Pickle

TORONTO (CP) — A busboy, whose eating habits got him into a pickle with his employers—and in turn provoked a walkout by 14 other busboys—returned to his job at Ed's Warehouse Restaurant Friday night.

In response to the firing by manager Yale Simpson, 14 of the restaurant's 15 busboys walked off their jobs and picketed the restaurant owned by the theatre owner and retail merchant Ed Mirvish.

Barter Of Surplus Wheat 'Might Present Problems'

Trade Minister Jean-Luc Pepin said in Regina Friday a proposal to dispose of Canada's surplus wheat by international barter, while "not a bad idea in itself," presents many problems. "It seems to me if the Canadian wheat board got into the habit of bartering, sooner or later the Americans and Australians would want to follow this example," Mr. Pepin, speaking at a joint news conference with Premier Thatcher of Saskatchewan, who raised the barter suggestion a few weeks ago, said. "Suppose we were to sell the 100,000,000 bushels of wheat to China. I hope and pray they wouldn't ask us to take that in barter. You can't blame me for being cautious on this matter."

The judge sentenced each of them to one month in jail and suspended the sentence of a 19-year-old girl after hearing evidence that they were involved in a dancehall scuffle and later in another incident at Vancouver police headquarters last month. They were among 20 or 30 persons who followed police back to the public safety building after a 16-year-old girl was arrested for illegal drinking. A scuffle broke out inside the building. Jailed were Laurence Gaylord, 24, his brother Geoffrey, 20, Leslie Davy, 18, Michael Williams, 23, and Jeffrey Edington, 19. Jane Fisher, 19, received a suspended sentence.

Ford Compact Falcon Line To Be Dropped

MONTAUK, N.Y. (AP) — The Ford Motor Co., has announced it will drop its compact Falcon line. The Falcon production line, Ford said, will be converted to the popular Maverick. Ford also said, without further explanation, that early in 1970, the Falcon name will be on a new car, to be announced later. There has been speculation that Ford will introduce a car to compete directly with the Volkswagens. A decision on the Falcon, rumored recently, was contained in a speech prepared by John Naughton, vice-president of the Ford Motor Co. and general manager of the Ford Division, for a news conference in which Ford unveiled the company's 1970 model. The new models exhibit a trend towards longer and lower lines and emphasis on what Ford calls its intermediate cars.

Kaiser Coal Strip Gains 'Would Outweigh Loses'

VANCOUVER (CP) — A team of economic consultants says benefits resulting from development of the Kaiser coal strip mining project in British Columbia's East Kootenay district far outweigh adverse effects created locally.

The conclusion is drawn in a report on the project prepared by Hedlin Menzies and Associates Ltd., a nationally-known firm of economic consultants. Kaiser Resources Ltd., a subsidiary of Kaiser Steel of Oakland, Calif., commissioned the study 18 months ago in the wake of widespread criticism of the giant strip mining project.

The company plans to ship a minimum of 51,000,000 tons of coking coal to Japanese steel industry interests during the next 15 years. The project has come under fire from a number of conservationists who say the long-term effects on the ecology of the region outweigh the short-term economic benefits.

The report said Kaiser is making every effort to ensure that damage to the landscape is minimal and has embarked on

a comprehensive program of land reclamation.

Kaiser, said the report, is transforming a latent natural resource into "an industrial asset which will revitalize the whole area, provide many new jobs throughout the Canadian economy and make an important contribution to government tax revenues."

"When discussing environmental quality in any setting, it is not possible to reduce the complex relationships to costs and benefits in a purely economic sense."

On reclamation of strip-mined land, the report said it was "clearly evident that rehabilitation is being pursued vigorously."

The report said the 100 acres a year to be strip mined is small compared with the 290,000 acres of land logged over or the 479,000 acres of B.C. forests ravaged by fires each year.

It noted that Kaiser has turned over 300 acres for a land assembly project at Sparwood. Many residents of the dusty coal towns of Natal and Michel will relocate there, said the report.

Reclamation of areas mined before Kaiser came in could prove to be more difficult than repairing land set for strip mining, it added. Kaiser is pledged to a comprehensive program of reclamation, said the report, but still does not know how much it will cost.

Parents Reject Subsidy Plan In Quebec 'English' Dispute

MONTREAL (CP) — The St. Leonard Parents Association here has rejected the idea of a government-subsidized private school for English-language elementary pupils as a solution to the Montreal suburb's school problems.

The private school, proposed by Education Minister Jean-Guy Cardinal last week, was rejected by the parents at a three-hour meeting with Therese Baron, assistant deputy minister of education and Cardinal aide Luc Leaugard.

Neither would comment on the proceedings, but Robert Beale, president of the parents association, said in a statement the private school proposal was "a violation of the basic rights of the citizens of St. Leonard."

Mr. Cardinal's proposal called for a private school to be set up by the parents which would be financed by heavy provincial grants, equal to 80 per cent of the cost of instruction in public schools.

However, Mr. Beale replied in a statement that "80 per cent is not justice."

At the same time, a French unilingualist group in St. Leonard indicated it would press on with its year-old campaign to eliminate English-language education regardless of any opposition by the parents association.

Raymond Lemieux, head of the Ligue pour l'Integration Scolaire, told a news conference that despite the possibility of violent opposition, a meeting disrupted Wednesday night by irate supporters of English-language education has been rescheduled for next Wednesday.

It would be preceded by a march down the suburb's main streets by sympathizers with the group's French-only schooling policy.

Mr. Lemieux added that the LIS is considering taking legal action against St. Leonard Mayor Leo Ouellet for what he called inadequate police protection at the meeting.

The LIS leader was among several persons injured when groups of French-speaking residents and Italian-Canadians who make up a large part of the suburb's 35,000 population began throwing chairs.

MUNICIPAL CONFERENCE

Money Famine In B.C. 'Hurts Capital Projects'

The serious shortage of money for capital projects needed in cities, towns and villages throughout British Columbia will come under fire when mayors and aldermen from all parts of the province meet Sept. 17-19.

They will debate such potential solutions as asking the government to form a marketing authority to sell municipal and regional district bonds, and to back it with provincial guarantees.

This request is contained in one of several resolutions that seek solutions to the critical shortage of money for municipal capital purposes, which will be debated at the 66th annual convention of the Union of B.C. Municipalities.

A record attendance of close to 1,300 is expected for the conference in Kamloops.

The municipal board market is at a standstill, one resolution notes, and a solution is expected to be hotly demanded by delegates to the convention.

Municipal Affairs Minister Dan Campbell is scheduled to face the municipal and regional representatives during the convention and to give a major address Sept. 17.

Backing the call for a marketing authority are the councils of Victoria, Ladysmith, Quesnel, Castlegar, Gibsons, and the Comox-Strathcona Regional District. Their demand

is endorsed by the Association of Vancouver Island Municipalities, the Association of Kootenay and Boundary Municipalities, and the North Central B.C. Municipal Association.

Their resolution stresses that it has become difficult and in many cases impossible for municipalities to finance urgently required projects.

This has created an increasing backlog—totaling \$80,000,000 to \$100,000,000 by most estimates—of voters-authorized but unsold debentures. As a result hundreds of projects required by residents have been held up throughout B.C.

The resolution states that "it is unrealistic for the regional districts to act as municipal marketing authorities," (which the municipal affairs department has suggested), "because this would result in 29 marketing authorities competing against each other for capital funds in a common money market."

Authors of the resolution note that the Alberta Municipal Financing Corp. has operated successfully for 12 years and a similar authority was established recently in Saskatchewan.

"A provincial municipal financing authority to market municipal debenture requirements, which would in all cases carry the guarantee of

the Province of B.C., for capital projects approved by the department, would be in a position to attract buyers from the main financial centres of Canada and the U.S., and also could make these securities readily available to B.C. residents," the resolution says.

Supplementary resolutions from the Capital Regional District (Victoria) and the Kootenay and Boundary association call for specific legislation. Securities issued by regional districts, Victoria noted, do not qualify for provincial guarantees. Therefore investments by the municipal superannuation fund are limited to federal or provincial securities.

But because provincial authorities admit that regional districts should command equal rating with provincially guaranteed securities, the resolution asks for amendments to permit investment in regional district securities by both the municipal and B.C. civil service pension funds.

The Kootenay-Boundary resolution noted that chartered banks have refused to grant interim loans unless guaranteed that the bonds will be marketed within one year.

Therefore the resolution asks the government to allow credit unions to enter into loan agreements with municipalities—a procedure hitherto banned in B.C.

MR. AND MRS. ALBERT KEMP

Friend Of Family Conducts Wedding

A friend of the family, Rev. James Dalton of Vancouver officiated for the double-ring ceremony uniting Barbara Wynne Bowles, daughter of Capt. and Mrs. Albert Ralph Bowles of Kelowna and Albert Ralph Kemp, son of Mr. and Mrs. James Kemp, Kimberley, B.C.

White gladioli graced the altar, mixed colored gladioli decorated the chancel steps and back of the church and white satin bows marked the pews of St. Michael and All Angel's Anglican Church, Kelowna, for the afternoon ceremony on Aug. 23.

Ernest Burnett of Kelowna, accompanied by Mrs. F. Verkerk, also of Kelowna, sang O Perfect Love.

The bride, who was given in marriage by her father, was charming in a white floor-length gown of pea d'elégance and French embroidered lace. The A-line dress featured a round neckline and the yoke and three-quarter length sleeves of French lace were enhanced with scalloped edges. The three yard train of French lace with scalloped edge, fell from the back of the yoke. A small shallow pill box made of the same lace as her dress, trimmed with small leaves and seed pearls completed the ensemble which was made by the bride. A three-tiered chapel length veil of nylon tulle mistletoe from the headpiece. She carried a formal cascade bouquet of Baccara red roses.

An heirloom pendant of ruby and pearls, which had belonged to her grandmother; a borrowed handkerchief and a blue garter were good luck tokens worn by the bride.

Maid-of-honor, Dolores Whittall, Burnaby, and bridesmaid, Ruth Epp, Kelowna, wore identical gowns of floor-length green pea d'elégance, styled on the A-line with round necklines and short sleeves. They carried colonial nosegays of pink flair roses and shasta daisies. Their headresses of semi-circles of pleated pea d'elégance matched their gowns.

The four-year-old flower girl, Brenda Kemp, Richmond, niece of the groom, wore a floor-length gown of pea d'elégance in lime green with small ruffle at the neck and sleeves. A small gold locket, the gift of the bride, adorned her gown and a circle of white shasta daisies formed her headress. She carried a basket of pink flair roses and shasta daisies.

The groom's attendants, all of Kimberley, were Gary Zak, best man and Bryan Lowes and Morris Freer, ushers.

The bride's mother in a coat and dress ensemble of ice blue silk shantung, with tone on tone hat and matching accessories, received for the reception at Capri. Her corsage of white orchids added contrast.

The bridegroom's mother chose a two-piece ensemble of peach linen, with lace coat and a whimsy hat. A corsage of white orchids and white accessories completed her costume.

Before leaving on a honeymoon to Harrison Hot Springs and Victoria, the bride changed to a pale yellow coat and dress ensemble of crimped matelassé, with matching shoes. A corsage of tangerine Garmel roses contrasted and white accessories completed the outfit.

The young couple will be returning to their studies at the University of British Columbia for their graduating year. The groom is in electrical engineering and the bride in home economics.

HIGH COST OF SAFETY - Cascade Natural Gas Corp. is sending unpleasant odors to its 62,000 customers to introduce a safety measure. Along with the month's bills is a folder picturing a flame. In case of gas leaks, customers will recognize the smell and be warned of danger, Cascade explained.

ANN LANDERS

Student 'Sponge' Needs Foot Instead Of Hand

Dear Ann Landers: I am 22, have just completed two years of college and am fighting off two families, my girl's and mine. Here's the problem—and if you can't help me, forget it. I don't need any more negative opinions.

Laura will be 17 in November. She has one more year of high school. I want to marry her before school starts. And don't say she is too young. You've never met her. This girl is mature and solid and more of a woman than any college chick I've ever dated.

If Laura and I got married she could find a good job and I could quit working part-time and devote all my time to studying. It's very tough to work and study, too. Laura could get her high school diploma through the mail or go back to school later—after I graduate.

She is willing, but her folks are violently opposed and so

are mine. How about a helping hand?—T.N.T.

Dear T.N.T.: You don't need a hand. You need a foot, brother, well placed. You want a 16-year-old girl to quit high school, go to work and help you through college, and she can get her diploma through the mail or go back later, eh?

If Laura has one operating brain cell in her head she will stay in school where she belongs and tell you to get lost.

Dear Ann Landers: Six months ago my beloved husband passed away. We had no children and my entire existence revolved around him. When he died, part of me died with him. I am depressed and lonely.

I've been offered an appealing position as a housemother in a dorm on campus. Friends say it would be ideal. I did counseling several years ago and enjoyed it thoroughly. But I can't make up my mind. There are times when I feel I'll go crazy if I don't get away from my memories. Then again I can't bear to say good-bye to this lovely apartment where my beloved husband and I shared so many wonderful times. Help me decide.—Hyacinth

Dear Hyacinth: Keep the apartment intact and try the dorm for one year. If you aren't happy, you can return. It's worth the gamble.

Dear Ann Landers: I am burning over your advice to the 32-year-old jerk who can't find a decent girl. You told him, "Decent girls aren't riveted to bar stools or in discotheques dancing with other dummies." You've got rocks in your head, honey.

I am 26, not bad to look at and I consider myself decent. According to your standards, however, I am a tramp because I go to bars and discotheques to meet people.

You forget that not everybody can go to college or belong to a country club or travel in a social set that plays polo and goes to ski lodges. Working girls have to do what they can to meet men, and bars are where the men are. Get with it, Kid.—Decent Enough

Dear Enough: O.K., Buttercup—work the bars, and you'll meet men who are also working the bars. And the best of luck to all of you.

Local School District Pioneers In 'Hard-of-Hearing' Teaching

Another first was 'chalked' up by School District No. 23 this week. Pupil Personnel Services, the department at the 'heart' of things, has added another service in its growing list of services aimed to give individual attention to pupils with learning problems of one kind or another.

This time it's the hard of hearing student who will be receiving special help in the person of Mrs. Phyllis Sutton, who started her new duties this week in Kelowna. Special schools for hard-of-hearing are not new, but a teacher who will travel from classroom to classroom to assist children with this particular problem, is new and in fact, it is believed Mrs. Sutton is the first travelling teacher for hard of hearing in Canada.

Mrs. Sutton, who is an enthusiastic person with a warm outgoing personality, is a native of England. She has taught school for 25 years, including three years in Vancouver at the Sunnyside School, where she taught pre-schoolers in the three to five years age bracket, who had hearing difficulties.

MANCHESTER GRADUATE
In England she was head mistress of an elementary school before coming to Canada and she took her special training at Manchester University with the department of audiology. The method used by Mrs. Sutton is completely oral. Sign language is not used, instead the child is encouraged to learn to talk, to communicate.

Special equipment purchased by the local school district, to be used as aids in the program by Mrs. Sutton, includes a prime tone audiometer, used for testing sound perception; an amplivox speech trainer; a record player with head phone and a group speech trainer, which can accommodate four students.

No rigid schedule of sessions has been set up for the 11 children in the school district, who have hearing problems, but rather, Mrs. Sutton will tailor the length of sessions to fit the individual needs each time. She may have to spend half a day with some students at various times and less on other occasions. "I will find out their needs and adapt classes to them," she says.

Mrs. Sutton plans to hold parents meeting once a month. These proved very successful at Sunnyside, she said, as the informal teaching situation created a better learning atmosphere for parents, so that they could continue the special training at home. Parents also benefited from an exchange of information at the sessions.

She also hopes to set up classes for pre-schoolers with hearing problems, sometime in the future, when space is found. These children are often 18 months behind in their development, she explains and can be taught lip reading and to follow simple directions before entering school.

TEACHER-TRAINING

Mrs. Sutton and Herbert LaBounty, head of the Pupil Personnel Services department are both excited about the new program, which was worked out in consultation with Dr. Brian Clarke of the University of British Columbia, who will be in close touch with the local program. Dr. Clarke is also pioneering in this field, in that he has introduced the first teacher training program in Canada for teachers wishing to specialize in the training of hard of hearing students. The first course starts this fall at

UBC and some of the students will be coming to Kelowna for their practice sessions.

The new program here, brings the total of special services to five in the Pupil Personnel Services department which was launched in September, 1967, under the direction of Herbert LaBounty.

FIVE SERVICES

The first program introduced by PPS was the Language Arts program for children with reading difficulties. Usually a short term class of about three months duration, it varies in length, sometimes to one and half years.

Slow learning classes, presently under revision, were next. After special instruction, most of the students are integrated back into the regular program. There are eight special classes of this nature in the school district.

The Adjustment class which deals with children with emotional problems is also a short term class.

At the High School level, the pre-employment or occupational class has proved it's worth, in that 99 per cent of the students who complete the third year in this stream, find employment. This program endeavors to get students into the work world with some training.

The number of staff working in Pupil Personnel Services has grown to seven, including the director, Mr. LaBounty, Allister MacKenzie-Elliott is the special counsellor, who works with elementary students, assessing or evaluating their difficulties and indicating the kind of help they need.

Mrs. Elvareta Sinclair is reading consultant and visiting teachers, who assist students who are ill or in hospital, are Mrs. Betty Peterson and Mrs. R. E. Hare. Full-time secretary Mrs. Ruth Gregory completes the full-time staff and in addition Dr. Keith Barnes, psychiatrist with the Health Unit, is available one day per week.

Mr. LaBounty, the enthusiastic head of this department is full of ideas for expanding these special aids, to provide educational opportunities for all children. He hopes to avoid segregation as much as possible, so that students with special problems will not feel apart from the school, but very much in the main stream of it.

In the two years, PPS has been in existence it has already proved its worth by making better educational opportunities available to more students. Mr. LaBounty believes

Valley Citizens Support C.A.R.S.

Some institutions do better than others in certain countries. In Canada the Canadian Arthritis and Rheumatism Society is quite spectacular. Other provinces generously give a large share of this credit to British Columbia and the splendid C.A.R.S. organization in Vancouver.

In the Central Okanagan, citizens also share in this pride since the local branch has made an outstanding contribution to the provincial effort.

C.A.R.S. is a member of the Central Okanagan Community Chest. Its members and many of those being treated are also enthusiastic workers in the annual Red Feather campaign.

San Francisco Trip For Honeymooners

White and yellow gladioli decorated immaculate Conception Roman Catholic church for the Aug. 30 wedding of Bernice Agnes Donhauser, Kelowna, daughter of Mr. and Mrs. Henry Donhauser, Vernon, and Keith Materi, son of Mrs. Marion Materi, Kelowna. Rev. R. D. Anderson officiated for the early afternoon wedding. Wedding music played by Eve Hromek included Bridal March, Ave Maria and the theme from Romeo and Juliet.

The bride, who was given in marriage by her father, wore a floor length A-line gown of pearl elegance, with intricate lace bordering the neck and wrists and accenting two parallel lines that flowed from the empire waistline to the floor. Two bows enhanced the waistline and the train was also made of pearl elegance. Her headpiece of gardenias held a short layered net veil and she carried a bouquet of deep pink sweetheart roses.

GROOM'S GIFT
For something old-something borrowed she borrowed the veil and wore a pearl earring and necklace, a graduation gift from the groom.

Maid-of-honor, Jeanette Donhauser, sister of the bride of Vernon and bridesmaid Mrs. Wayne Klassen, Kelowna were matching A-line sleeveless floor length gowns. They carried bouquets of white and yellow mums and white petal roses with green net formed their headresses.

Randy Ritchey, Kelowna was

best man and also attending the groom, were Gary Zarr, Kelowna, and Melvin Donhauser, Vernon.

For the reception at the Royal Anne, the bride's mother received, in a gold fortrel A-line dress with matching necklace and earrings. Beige accessories completed her costume, which was enhanced by a corsage of deep pink carnations.

A mauve sheath dress and coat ensemble was chosen by the bridegroom's mother, accented with a navy blue straw hat and a corsage of light pink carnations.

SAN FRANCISCO

For the honeymoon trip to San Francisco, the bride donned a pink doubleknit suit, with white accessories and a pink headpiece completing the outfit. The newlyweds will reside at 3372 Lakeshore Road, Kelowna.

Master-of-ceremonies, George Zarr, uncle of the bride, also proposed the toasts. The bride's table was centered with a three tiered wedding cake topped with a miniature bride and groom.

Out-of-town guests were: Mr. and Mrs. Larry Lemky, (sister of the bride), Kitiwanga, B.C.; Mr. and Mrs. Joe Schell, Calgary; Mr. and Mrs. Matt Dies, Lumby; Mr. and Mrs. Joe Nutt, Midway, B.C.; Mr. and Mrs. George Zarr, Avola, B.C.; Mr. and Mrs. William McCormick, Castlegar; Larry Davidson, Surrey; Elaine Sawka, Burnaby; Mrs. Ralph Nay, and George Gutfriend, both of Vancouver.

Mr. and Mrs. James Stokes of Kelowna sailed from Vancouver Wednesday aboard the P and O liner Oriana, bound

for a town in the state of Victoria, Australia. They are moving to Springvale where their son now resides.

Oakland Regains Ground On Twins

By THE ASSOCIATED PRESS

Oakland Athletics aren't going to give Minnesota Twins the American League Western Division title without a fight. The Athletics were trailing the first-place Twins 4-2 after seven innings Friday night and were in danger of dropping 8½ games off the pace. But they rallied for two runs in the eighth and had men on first and third and two out. Bert Campaneris then slashed a Ron Ferrarosi pitch on the ground near the mound. The pitcher got his glove on it but couldn't handle it, and it went for a game-winning single in the 5-4 triumph. Baltimore Orioles bounced Detroit Tigers 8-4, Boston Red Sox outlasted Washington Senators 9-8, Cleveland Indians edged New York 2-1 before the Yankees came back to win 2-0. California Angels topped Chicago White Sox 3-1 and Seattle Pilots downed Kansas City Royals 5-4 in other games. Oakland built an early 2-0 lead when Cater singled home Dick Green, who had doubled, and Tito Francona homered. After Minnesota got an unearned run in the fifth, Tony Oliva tied it with his 19th homer to lead off the sixth. Before the inning was over the Twins had scored twice more. Dave Johnson batted in five runs with a pair of doubles and Frank Robinson hit a two-run homer, his 31st, for Baltimore, the runaway Eastern Division leader, as Mike Cuellar survived a shaky start for his 20th victory. Don Wert belted a three-run homer and Al Kaline a solo shot for Detroit. Boston fought back from a 7-0 deficit to go ahead 8-7 on Rico Petrocelli's 35th homer with two on in the seventh, then won it with an error and three walks, the last one forcing in a run, after Washington had tied it in the top of the ninth. In the first game at Cleveland, the Indians' Sam McDowell, 16-12, outdueled New York's Mel Stottlemyre, 18-12, with Jose Cardenal's bounce single in the ninth producing the winning run. In the nightcap, the Yankees' Frank Fernandez, who drove in the only New York run in the opener, hit a seventh-inning homer and it was all Fritz Peterson, 15-13, needed as he fired a two-hitter. California got by Chicago on Jay Johnstone's two-run homer and an RBI single by Bill Voss. Danny Walton and Greg Goossen hit consecutive homers in the third, and then with Seattle trailing 4-3 in the eighth, Walton tied the game with a sacrifice fly and Goossen won it with a run-scoring single.

Montreal Loses Again On Late Inning Errors

By THE CANADIAN PRESS

Montreal Expos did it again. St. Louis Cardinals edged the Expos 1-0 Friday night in National League baseball action, giving Montreal its sixth straight loss and 13th in 14 games. To make matters worse, the winning run was unearned. It came in the eighth inning when Mike Shannon walked and came around to score when Expos first baseman Ron Fairly threw wild to second on Julian Javier's sacrifice bunt. Nelson Briles (14-12) pitched three-hitter for the Cards. Elsewhere Friday, Dennis Menke hit a two-run homer in the ninth to lead Houston Astros to a 2-0 victory over San Francisco Giants. Los Angeles Dodgers and Cincinnati Reds remained 1½ games behind the Giants in the Western Division. The Dodgers lost 4-1 to San Diego Padres while Cincinnati dropped an 11-2 decision to Atlanta Braves. The Braves are two games behind, while Houston is fifth, 4½ games back. In the East, New York Mets split a doubleheader with Philadelphia Phillies, winning the first 5-1, then losing 4-2 to move to within 4½ games of Chicago Cubs, who lost 9-2 to Pittsburgh Pirates in the only afternoon contest. Menke slammed his ninth homer after a one-out single by Doug Rader. The clout ended the Giants' winning string at three and sent Perry to his 12th defeat. He has won 16. Joe Niekro scattered 10 hits and Nate Colbert hit his 18th homer of the year, a two-run blast, as the Padres whipped

Immaculata Dons Ready For OMFL Season Opener

The Immaculata Dons were the talk of the Okanagan Mainline League last year even though they never did belong. This season they again plan to grab the attention, only this time as a team on top of the league.

With an impressive record of 214 points for and seven points against behind them, the Dons will have a tough time duplicating it this fall, but coach Cliff Kiewer predicts they'll come close.

"We are about 30 per cent stronger in our offensive backfield," claims Kiewer, "and

have about a 200-pound average in the middle of the line, which, compared to the rest of the league, is mighty big."

The Dons are getting the usual 24 or 25 players out to practices, but are confident of making up the lack of quantity with quality.

A newcomer, Greg Gleason, who last year played first string in the defensive backfield as well as being the backup quarterback for the Golden Hawks in Penticton is sure to be a welcome addition, as is Paul Richardson, a 190-pounder, who

last year was with the Kelowna Cubs.

Although the club will definitely feel the loss of Greg Scheer, who has received a four year scholarship at Simon Fraser University and Tim Lang, who has been offered a scholarship in the United States, Kiewer feels he has the men to take up the slack.

Ron (Gomer) Pyle played only two games last year because of injuries, but is in good health this season and is being looked upon to do big things. Mick Franz, a 210-pound rookie has been showing a great deal and the coaching staff are hoping he will fill the gap left by Scheer. Greg Bird, Mark Lang, and Gary Welder round out what Coach Kiewer terms "the best balanced offence in the league."

The Dons' defence could be their biggest weakness, but if veteran Ernie McNally is able to play in spite of a bad back, and members of the offence can go both ways, defence will improve.

Last fall Kiewer, a former professional with Calgary Stampers, stated that his Dons would give the other OMFL teams at least a fright, and they then came through with six consecutive wins—it was some fright! This year, while not over-confident, he is predicting his club will be near the top if not better.

Immaculata will be out for their first victory Sept. 12, in Elks Stadium when they meet the Kamloops Red Devils.

Ashe Continues On Big Serve

FOREST HILLS, N.Y. (AP)

Arthur Ashe was counting on his big service to offset Rod Laver's speed and quickness today in the semi-finals of the second U.S. open tennis tournament—the match most people believed would determine the championship.

"I serve better," Ashe said in a thumb-nail analysis of the two games. "Rod is quicker than I am. Our backhands are about the same. I think I have a better forehand."

The rail-thin Negro Davis Cup star from Richmond, Va., doesn't discount his chances against the 31-year-old recognized king of tennis, who has won 28 matches in a row and now is seeking to add the American and Wimbledon titles for a pro grand slam.

Ashe, who won the title last year as an amateur in an effort to the pro stars, was serving phenomenally Friday when he erased veteran Ken Rosewall

of Australia in straight sets, 8-6, 6-3, 6-4. He lost his service only twice—in the first game of the match, and the eighth game of the third set when he had the decision virtually in hand.

RAIN DELAYS MATCHES

The second men's semi-final match can't be played until Sunday because two days of torrential rain Wednesday and Thursday put a crimp in the schedule.

Third-seeded Tony Roche of Australia, who eliminated Pancho Gonzalez 6-3, 10-12, 7-5, 6-0 in a postponed fourth round match Friday, was to play unseeded Earl (Butch) Buchholz in a delayed quarter-final match today.

Then the winner must go against the survivor of a marathon 3½ hour quarter-final duel between second-seeded John Newcombe and Fred Stolle of Australia, who were halted by darkness at two sets each and 10-10 in the fifth. It was to be finished today.

Lions And Eskimos Try To End Losing Streaks

By THE CANADIAN PRESS

British Columbia Lions and Edmonton Eskimos, possessors of the longest losing streaks in the Canadian Football League this year, will be out to prove tonight that they are not really that bad.

The Eskimos, who have lost five in a row since winning their season opener, will try to give home-town fans their first win as they take on Calgary Stampeders.

The Lions, who have yet to win this season, encounter Winnipeg Blue Bombers at Vancouver.

But the Stampeders, who defeated the Eskimos 16-14 last Monday at Calgary, will attempt to establish a different kind of offence, says head coach Jim Duncan.

After two seasons of do-or-die passing with the now departed Peter Liske, Duncan says one of his main jobs is getting the Stampeder passing attack geared up.

NEEDS EXPERIENCE
"You have to remember that (Jerry) Keeling is an inexperienced quarterback and still learning," he said in an interview.

Duncan was also slightly unhappy with his team's defensive performance last Monday.

"We lost (Ron) Stewart and Keeling, who played defensive safety positions last year."

"We've got to do better," but I'm getting sick and tired of people asking us why we aren't as good as last year."

In an effort to bolster the Stampeder defence, Calgary may start Gene Beard, a defensive halfback signed Thursday after being cut by Minnesota Vikings of the National Football League.

Linebacker Jim Furlong and tackle Don Luzzi, both defensive stalwarts, are on the 30-day injury list.

Minto Cup Lacrosse Champs Expected To Repeat Again

OSHAWA, Ont. (CP) — After six years and six Canadian junior lacrosse championships, you might think Oshawa Green Gaels would let up a bit.

Not so, says coach Jim

Bishop. The Gaels are just as hungry this year as they go after their seventh consecutive Minto Cup, emblematic of national junior lacrosse supremacy.

And they haven't too far to go.

Oshawa holds a 3-0 lead in the best-of-seven series with South Vancouver Legionnaires with the fourth—and possibly last—game scheduled here tonight.

"There is a mystique about this club," said Bishop in an interview Friday. "We really believe we can't be beaten and eventually the opposition gets that way too and then we are unbeatable."

Bishop has a point, but the Legionnaires, who dropped the first three games 15-10, 14-8 and 22-10 respectively, refuse to be counted out.

"We haven't given up yet," said Vancouver coach Ron Phillips. "We're not a bunch of quitters. These boys are used to fighting for what they want. We'll make a game of it Saturday."

Bishop explained Friday that a winning lacrosse club takes a lot of hard work. He's been following the same conditioning schedule with the Gaels since he took over the club in 1963.

Royal City Storm Back

NEW WESTMINSTER, B.C. (CP) — New Westminster Blues

stormed back into Mann Cup contention with a 13-11 senior lacrosse win over Brooklyn, Ont., Redmen Friday night, cutting the visitors' best-of-seven series lead to 2-1.

Fourth game of the series will be played at nearby North Vancouver today.

Wayne Bellwood and pickup Ken Henry from Surrey were the big guns for the winners, who finally got a power play combination working.

Bellwood scored four goals, three of them on 40-foot drives, while Henry scored three times and added three assists. Bellwood set up two goals as each player made six points.

New Westminster coach Ron Loftus said he thought his team was going to blow the game in the second period when Brooklyn overcame a 3-0 deficit to tie the game at 7-7.

The Redmen were assessed 14 minor penalties, a major and two 10-minute misconducts. New Westminster was issued eight minors and a misconduct and had three more penalties called that were never served because Brooklyn scored on the play.

Single New Westminster goals went to Harry Ferguson, John Stewart, Barry Erlandson, Bob Parrent, Al Watt and Bob McAloney.

Brooklyn scorers were Jim Henderson, Glen Lotton and Don Chaggs with two apiece and Jack Chisholm, Gerry Burrows, Bob Davidson, Bill Squires and David Houston.

Hockey Franchise For Coast Seen

SEATTLE (CP) — Vancouver's bid for a National Hockey League franchise for the 1970-71 season was described here Friday night as "a lead-pipe cinch."

Keith Allen, general manager of Philadelphia Flyers, told hockey writers here for a testimonial dinner:

"Vancouver is a lead-pipe cinch to get one franchise. The other city will probably be Baltimore. They're going to put both new teams in the Eastern Division and shift one Eastern Division team into the West."

**GOD GRANTS
ISRAEL A KING**

ILLUSTRATED SUNDAY SCHOOL LESSON

By ALFRED J. BUESCHER

Scripture—I Samuel 8-12; 15; 16; 18:5-12; 28; 31:1-7.

When Samuel's sons proved unworthy of becoming judges of Israel, the people demanded a king in order to be like other nations.—I Samuel 8-10.

God granted the request and Saul was chosen. Samuel rebuked the people for rejecting God and urged them to remain faithful.—I Samuel 11-12.

Though his reign began well, Saul soon provoked God and the kingdom was taken away from him and given to David.—I Samuel 15; 16; 18:5-12.

Before a battle Saul consulted the witch of Endor. Samuel predicted the king's death.—I Samuel 28; 31:1-7. GOLDEN TEXT: I SAMUEL 12:24.

Music To Be Highlight At Okanagan Crusade

Music will be high on the priority list of the Central Okanagan Crusade for Christ which runs in Kelowna Sept. 21 to 28.

A mass local choir, made up of singers from around the Okanagan, will be guided nightly in a program of inspirational services.

The choir will be directed by the music master with Crusade Evangelism of Canada, Donald Jost, music and choral director.

Mr. Jost is a graduate of the Briercrest Bible Institute in Carleton Place, Ont. He has pastored churches in Canada and the United States with a total of 12 years in the ministry.

Prior to coming with Crusade Evangelism in 1966, he was the director of Christian education and music at the Grant Memorial Church in Winnipeg, Man.

Donald Jost has directed some of the finest choirs ever to assemble in evangelistic crusades across Canada. In addition to directing the choir each evening and leading the congregation song time, he is baritone soloist.

The Central Okanagan is one of more than 20 areas from Nova Scotia to British Columbia that, during the next year, will enjoy the musical arrangements in crusades conducted by

REV. KEN CARTER

REV. DON JOST

Evangelist Barry Moore of Crusade Evangelism of Canada.

Featured soloist at the crusade will be Ken Carter, baritone singer and recording artist.

Born in Memphis, Tenn., he received the bachelor of music degree in 1962 from Memphis State University, concentrating

on church music. He was formerly soloist and master of ceremonies for the United States Air Force Band and the Singing Sergeants.

At 25 he has already sung at virtually every place a professional singer would hope to perform. He has sung before Presidents Johnson, Kennedy, Eisenhower and Truman; Secretaries McNamara and Rusk; Senators Goldwater, Humphreys, Keating, Symington and Kennedy; Attorney General Robert Kennedy; Chief Justice Earl Warren; and Generals Maxwell Taylor and Curtis LeMay.

Rev. Robert Stobie Pastor At Kelowna First United

The First United Church in Kelowna has taken on another pastor — Rev. Robert T. J. Stobie.

Rev. Stobie, whose last pastorate was in Edmonton, will be welcomed by the church congregation Sunday at 7 p.m. The induction ceremony will include two officers of the Kamloops-Okanagan Presbytery: Rev. Roy Merrick, chairman, and Rev. Alex Manson, secretary.

A fellowship hour in the United Church hall will follow the induction.

Rev. Stobie, who will share

the pastor duties with Rev. Robert Stobie, was born in Vancouver and received a bachelor of arts degree from the University of Alberta in 1959; his bachelor of divinity degree at St. Stephen's College in Edmonton in 1962.

He lived in Pentiction as a child where his father served as minister in the United Church from 1944 to 1949. He has served pastorates in Carleton Place, Ont., and Edmonton.

Rev. Stobie is married to the former Beryl Anne Waggott of Edmonton; the family has two children, Jim, 6, and Carol, 4.

Women Priests Given Nod By Anglican Church Synod

SUDBURY, Ont. (CP) — The Anglican Church of Canada Friday took a first cautious step toward ordaining women to the priesthood.

The church's general synod, its highest governing body, voted to have a committee appointed to study the question and report in 1971 to the next synod.

Delegates also approved a series of resolutions aimed at improving the status of deaconesses in the church. Deaconesses are ordained women workers but they are not clearly stated to be equivalent to deacons and do not have the privileges of the clergy.

The resolution to study women wanting to enter the priesthood was approved almost without opposition.

Rt. Rev. H. F. G. Appleyard, suffragan bishop of Huron, said the church has to face up to the matter because it is considering union with the United Church.

The United Church ordains women ministers.

MAKES REQUEST
Doris Cumling, vice-chairman of a commission which prepared the proposal, asked delegates to discard "out-of-date ideas and accumulated hypocrisy."

"A woman can teach, preach, pray, visit, console, counsel, baptize, prepare confirmants, bury, mow grass, kick stones and read the holy order," Mrs. Cumling said.

"Why is she not committed to serve the sacrament of holy communion and to perform marriages for young people?"

"It is time we were accepted on the same basis as the boys babies who were baptized with

Later the synod voted to encourage and support financially "young people who are involved in changing the social structure for a more humane community."

The national executive council is to prepare specific programs by 1971 for what a youth delegate called "not a ministry to youth or for youth but hopefully a ministry by youth," in social projects such as combating pollution.

HOMES HEAP UP

DAVENTRY, England (CP) — Hundreds of homes being constructed in this new community stand empty, but no one can stop the municipal scheme.

Families from nearby overcrowded Birmingham refuse to move in because there are no new jobs in the area. Authorities found they couldn't afford to stop completion of the 600 homes in the \$26,000,000 project because compensation for the construction companies would cost more than finishing off the development.

POLISH PRELATE VISITS CANADA

MONTREAL (CP)—Charles Cardinal Wojtyla, archbishop of Cracow, Poland, arrived here Aug. 25, becoming the first Roman Catholic prelate from an Iron Curtain country to visit Canada since the Second World War.

The 49-year-old cardinal who came to Canada to take part in the 25th anniversary celebrations of the Polish Canadian Congress, is also scheduled to visit the United States next month.

Priest Finds A Home

THOMPSON, Man. (CP) — After spending 15 of his 39 years in Canada's North, a scholarly Italian priest has found a home in northern Manitoba.

Rev. Virgil Bonatti says he is 100 per cent satisfied: "I'm not giving up a thing."

But one wonders at the modest Roman Catholic priest's remarks when what he has left behind in Italy is considered.

His father was Italy's swimming and diving champion for five years. One of his relatives was among the earliest pilots to fly the Atlantic. Still another member of his family, Walter Bonatti, is world-renowned for his mountaineering exploits on Mont Blanc, Laverdo and in the Himalayas. Several Italian peaks bear his name.

Yet another Bonatti, Vittorio, has won fame with an artist's brush. His works hang in museums in Rome, Paris and other European cities. The retired priest admits that a portrait of himself is in one of these museums.

"We're a family of adventurers. I'm one of them, but not the kind that gets written about in newspapers."

LEADERSHIP NEEDED

Most of Father Bonatti's years in Canada, have been spent in Indian communities and today he serves the people of Gillam, Thicket Portage and Pikwitonei. This gives him responsibility for the needs of two older Manitoba communities and a thriving new one.

The future of the Indian communities lies in what the Indians themselves decide to do, and talk of Red Power signifies a rising desire of Indians to be responsible for their own future, he says. This he respects, but feels that the Indians must face their need to develop great leadership to master the job that faces them.

Every six years he returns to Italy for a three-month visit, but says that after two months he is restless to be back.
